A collaboration years in the making with our friends at Cigar City Brewing, Tampa Florida. We have worked with, drank with, and preached Cigar City Brewing for years now, so this is a special collaboration for us. In the spirit of Jose Gaspar, a Tampa Florida legend, we brewed an Imperial Porter for all our rowdy friends to enjoy. The first half of the release will be in 330ML bottles and the second half will be aged in rum barrels and released in 750 ML bottles.
